

Church around a Table

Sunday 27th September: Food: Injustice and Justice

We live in such a beautiful world, From the amazon rain forest, to the Purbeck hills, to super animals of the Blue whales to very small creature of bees. Then there is humanity, me and you, we look ourselves and how we are formed and it's unbelievable! I believe that God created an amazing world for his creation to enjoy. Our plant is an expression of God creativity, beauty and love. Food and justice is a vital part of being a disciple of Jesus in the whole of our lives.

We looked how the food chain affects people, our environment and how food is wasted. We spoke about the journey our food goes on to get to our plates and are we aware of the people and environment it affects.

Questions:

What stood out to you the most about Sundays message?

Do you think it is important to take care of our world? And why?
What does the bible say about it?

Does anyone currently do anything that is ethical (in terms of how they source their food)?

“humans used to hunt their food; but now the food hunts us, in the form of adverts on buses, and on TV, and on Facebook, and special offers at the supermarket.” - Bee Wilson
Do you agree with this quote and how can we become more aware and controlled in our buying habits?

How much are you aware of the chain that your food has taken to get to your plate? How can we be more aware of that process and people it affects?

How can we help cut the amount of food waste?

How can we help those in our country, and also countries around the world that can not put food on their table for themselves and their families?
